

Used/Aftermarket/Reconditioned Parts Policy

Client fully understands that used, aftermarket or remanufactured parts are being utilized to repair their vehicle. Client further understands that McDaniels does not warrant or guarantee the used, aftermarket or remanufactured parts, which may not have any warranty whatsoever, either expressed or implied.

Client understands that should any of these parts fail, McDaniels will pay no portion of repairs needed, nor offer any refunds of any kind. Should the part fail upon installation or thereafter, Client must still pay labor costs associated with the installation or attempted installation thereof and any subsequent removal. Used, aftermarket and reconditioned parts and the labor associated with them are absolutely AS-IS.

New parts purchased from the manufacturer do offer comprehensive warranty protection for both parts and labor.
