

THIS COMPANY EXPRESSLY DISCLAIMS ANY GUARANTEE OR WARRANTY OF ANY KIND ABOUT THE COLLISION OR REPAIR HISTORY OF THIS VEHICLE. WE DO NOT AND CANNOT KNOW A VEHICLE'S FULL HISTORY!

ANY WARRANTY FROM THE DEALER WILL BE LISTED ON THE FEDERAL BUYER'S GUIDE AND IS LIMITED TO THE NORMAL OPERATION OF ITEMIZED COMPONENTS ON THAT FORM.

YOU HAVE THE RIGHT TO HAVE THE VEHICLE INSPECTED BEFORE PURCHASE BY AN INDEPENDENT PARTY YOU CHOOSE FOR PREVIOUS OR CURRENT COLLISION, PAINT OR MECHANICAL REPAIRS AND PROBLEMS.

McDaniels will at a minimum:

- Disclose any collision or paint repairs exceeding \$500 that we perform.
- Disclose any titling discrepancy (flood, salvage, TMU, etc.) of which we are aware.
- Disclose any relevant information the previous owner has disclosed to us.
- Perform at least a Basic Safety Inspection on every Pre-Owned vehicle we sell at retail.
- Offer you a third party vehicle history report on every Pre-Owned vehicle we sell at retail.

Third party vehicle history report companies do not guarantee completeness, accuracy or timeliness of their data. McDaniels, by offering these reports, in no way warrants or guarantees their accuracy. We recommend that you do not make a final purchase decision based solely on these reports.

Any vehicle, including those sold as certified, **may** have had previous repairs including collision, paint and mechanical work. Factory-backed Certification, if applicable, offers the assurance that the vehicle is currently operating to manufacturer standards, and that assurance is backed by a manufacturer's limited warranty. **FACTORY CERTIFICATION DOES NOT GUARANTEE "NO PREVIOUS DAMAGE" or "NO PREVIOUS REPAIRS"**. Vehicles with branded titles or that have frame damage are excluded from certification programs.

We recommend that before purchasing:

- Consider having the vehicle independently inspected.
- Research the vehicle history with your title search company.
- Research the claim history with your own insurance company.

Acknowledged (on behalf of all buyers)
